Aldo Ducci

Selected work / Architecture, interiors and the responsibility of building.

Before the drawings.

Thank you for your interest in my work. This is a small window into a long journey: drawings, building sites, late nights and the satisfaction of seeing something stand.

It is also the journey of a workaholic. Before you judge, you may be right. There have been sacrifices, and they were not mine alone. My family has carried part of the cost.

The desk is where design and construction management meet. A beautiful image is a beginning. Materials, coordination, people and decisions give it a life beyond the page.

You can master Nintendo. Architecture not a toy. You can upgrade your PlayStation; a building asks for a longer commitment. Architecture helps shape civilization, preserve heritage and create a sense of belonging.

An architect by training. A builder by conviction. Someone who helps turn a drawing into something that stands.

Design. Coordinate. Build.

25+ years of architectural experience

ARKITEKO / 2010–present
Revuelta collaboration / 2003–2023

Bachelor of Architecture / 1995
Master’s in Preservation / 1997

English / Spanish
Coral Gables, Florida
